Design: studio tecnico Gyform

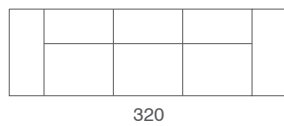

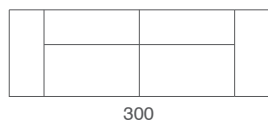

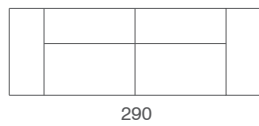

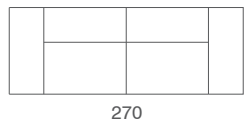

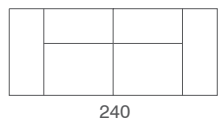

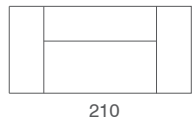

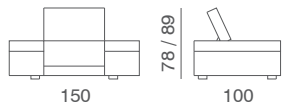

Struttura in legno con cinghie elastiche rivestita con poliuretano espanso indeformabile e tessuto protettivo accoppiato. Cuscini seduta in poliuretano espanso indeformabile con trapuntino in piuma; cuscini schienale in piuma. Rivestimento in tessuto sfoderabile. In pelle è fisso. Il meccanismo posto nel bracciolo degli elementi terminali o nello schienale può essere sollevato e bloccato in diverse inclinazioni: si può quindi passare da una posizione orizzontale per trasformare il divano in un'isola da vivere oppure ottenere una serie di posizioni verticali utilizzabili sia come bracciolo sia come schienale.

Hard wood structure covered in polyurethane with a protective fabric lining. Interwoven elastic webbing. Seat cushion in polyurethane and feather. Back cushion in feather. Completely removable fabric upholstery. Leather covering is fixed. The mechanism inside the arm of the terminal elements or in the back frame allow to obtain different positions: the backframe and armrests can be fully reclined to turn the sofa into a living island or placed in different vertical position to be used as a standard sofa.

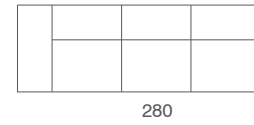

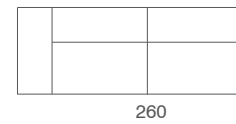

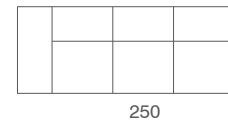

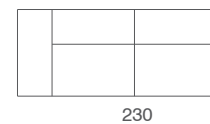

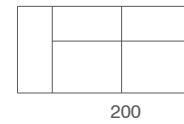

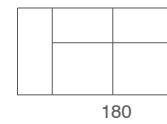

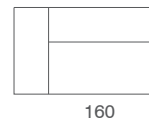

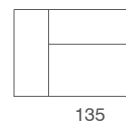

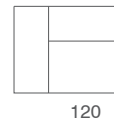

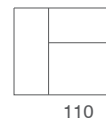

Das Gestell ist aus Massivholz, der Polsteraufbau aus hochwertigen Schaumstoffen. Der Korpusbezug aus weißem Nylonvelour. Sitzaufbau des Federgrundes aus Metall mit geprüften Trambolin Gummigurten dicht bespannt. Sitzkissen aus hochelastischen Kaltschaum und Daunen. Rückenkissen aus Daunen. Die Stoffbezüge sind vollständig abziehbar und waschbar. Die Armlehnen und Rückenlehne sind mit einem Mechanismus zum Verstellen. Armlehne oder Rückenteil können angehoben und arretiert werden und in verschiedene Positionen gebracht werden. Sie können auseinander horizontalen Position auf dem Sofa eine „Insel“ gestalten. Arm,- und Rückenlehnen lassen sich anheben und in verschiedene Positionen bringen.

Structure en bois massif avec sangles élastiques entrecroisées extra-large XL tissées avec du fil de nylon revêtues de polyuréthane expansé et tissu de protection assorti; châssis intérieur mécanisme en métal verni. Coussins d'assise en polyuréthane expansé et plume; coussins dossier en plume. Revêtement en tissu déhoussable, en cuir fixe. Le mécanisme du accoudoir des terminaux ou dans le dossier peut être soulevé et bloqué dans différentes positions: vous pouvez passer d'une position horizontale pour activer le canapé de vie dans les îles, ou d'obtenir une série de positions verticales est utilisé à la fois comme un accoudoir ou un dossier.
